

PRESS RELEASE

The New MovieTime™, DV11 Digital DVD Projector and Sound System

FOR IMMEDIATE RELEASE

PR00064

Optoma Europe Ltd (London June 1st 2007) – The magic of the DV11 digital video projector is that it's equipped for your über big screen home cinema expectations and a lot more. Gaming, music, watching television and viewing photos – these are just a handful of activities to be enjoyed from Optoma's latest MovieTime™.

Here's a device tuned to your leisure choices that's amazingly easy to use. To set up your movie theatre at home only requires you insert a DVD into its on-board player. The largest affordable TVs have screen sizes of around 42 inches, but this cinematic marvel will generate a 100-inch picture on the wall from just three metres (10 feet) away. Maximum picture size is a staggering 335-inch (8.5 metres). Simply put; short distance equals big picture – all with the pleasure of crisp sound too.

Nothing comes close to the excitement of awesome life-size characters and immersing action of video games viewed on a perfectly balanced, crystal clear, high contrast picture of this quality. Likewise, digital TV or satellite set-top boxes, computers, camcorders, VCRs or high definition sources enjoy huge screen viewing of equal excellence. A photo CD slideshow feature displays your favourite photo image CDs. DV11 also plays MP3 or WMA files from CD or DVD – sound provided by two internal 5-watt speakers. In addition, you can create the ultimate surround sound experience when you attach your hi-fi system or external speakers.

Concert and live sport broadcasts from digital satellite and TV set-top boxes take on the ambience of multiplex cinemas because the unique SCART RGB adaptor (supplied) makes it easy to get very high quality pictures to a large screen.

Plant the DV11 anywhere, with absolute freedom, unencumbered by ceiling mounts and cables. It sits easily with audio/visual entertainment devices around your home and packs away easily.

**The DV11 MovieTime™ by Optoma is available now with a
suggested MSRP of £599 inc. VAT**
